Item No.4.43

UNIVERSITY OF MUMBAI

MASTER OF EDUCATION-SPECIAL EDUCATION (HEARING IMPAIRMENT)

M.Ed.Spl.Ed. (HI)

UNIVERSITY OF MUMBAI

SYLLABUS FOR THE MASTER OF EDUCATION-SPECIAL EDUCATION (HEARING IMPAIRMENT)

M.Ed.Spl.Ed. (HI)

As per the NCTE Regulations 2014 Notification 346 dated 1.12.2014 and subsequent letter No 8-A/ Recog./ Policy /2014-RCI dated 28th January 2015 and letter # 7-128 RCI/ 2015 dated 15.5.2015 from Rehabilitation Council of India, New Delhi, the M.Ed. Special Education (Hearing Impairment) program of one year is revised to two years in the University of Mumbai. The said program is Credit Based Grading System (CBGS). The programme comprises of four semesters and offers choice based elective courses. It is implemented from academic year 2015-2016. The syllabus of M.Ed. Special Education (Hearing Impairment) is based on the syllabus prescribed by the Rehabilitation Council of India (RCI).

The title of the programme is based on the Gazette of India July 5, 2014(ASADHA 14, 1936) notification of UGC

O.6191 Title: Master of Education Special Education (Hearing Impairment) M.Ed. Spl. Ed. (HI)

O.6192 Eligibility: Following candidates are eligible for admission:

A candidate who has successfully passed B.Ed. (HI) / B.Ed. (Deaf) / B.Ed. (HH) / B. Ed. Special Education (HI) from a recognized University or any other degree equivalent from an affiliating University and/ or Teaching Department under any University recognized by U.G.C. and RCI with a minimum of 50% aggregate marks.

OR

A candidate who has successfully passed the B.Ed. (General Education) with 50% aggregate and has successfully completed Diploma in Special Education (Hearing impairment) or equivalent recognized by the RCI with minimum 50% aggregate marks.

R.8898 Duration: The duration of the programme is of two academic years divided into four semesters

Attendance: The minimum attendance of students will be as per Mumbai University guidelines. However, for Practical & Field Engagement of the program the students have to complete all course work within the stipulated period.

R.8899 Student intake

As per RCI norms and additional seats for OBC may be admitted as per Govt. of India directives where ever applicable.

R.8900 Faculty norms

As per RCI guidelines **R.8900 Fees structure**

The fees structure of the M.Ed.Spl.Ed. (HI) program will be as per the University/ RCI /State Government/Central Government-which ever applicable

Applying for semester end examination:

A candidate for the examination in Semester I, II, III&IV must apply to the Registrar of the University of Mumbai with certificates required, through the Principal /Head of the College/Institute in which he/she has received training.

Structure of the Programme:

The entire programme of M.Ed.Spl.Ed. (HI) is of 80 credits. Each credit is of 30 learning hours. The programme of M.Ed.Spl.Ed. (HI) comprises of Part I, Part II, Part III & Part-IV.

- (i) Part I Theory will be offered in semesters I, II & III and comprises of 12 theory courses: 7 Core courses, 1 Elective course and 4 Specialization courses, totalling to 48 credits.
- (ii) Part II Dissertation will be offered in semester III & IV and comprises of 16 credits.
- (iii) **Part III Practical will** be offered in semester I & II and comprises of 4 skill courses having 8 credits

(iv) **Part-IV Field Engagement** will be offered in Semesters III & IV and comprises of 2 courses having 8 credits

		Engagement						

The internal assessment marks obtained by the candidates in Part-I, Part II, Part III & Part IV in each semester shall be forwarded to the University by the Head of the Institution / College

The topic of dissertation shall be on an education/allied field. The Institute/College shall submit the titles of proposed dissertation work to the University in Semester-III for approval. If the title suggested by any candidate is not approved, he/ she will be at liberty to suggest another and get approved. Each candidate shall work under the guidance of a recognized post graduate teacher of the University.

Dissertation when submitted shall be accompanied by a certificate signed by the Guide and Head of the Institution /College certifying that the same is the candidate's own work carried out under the respective guide's supervision and has not been submitted earlier for award of any other degree or diploma and is worthy of examination.

Three copies of the dissertation submitted by the candidate (identity concealed) to the Head of the Institute/College shall be forwarded to the University before the completion of the academic semester.

Viva voce of the dissertation will be held jointly by the internal and external examiners and marks will be awarded jointly by the internal and external referees(and moderator if option # (ii) is chosen) on the basis of the content of dissertation and viva voce performance. For external assessment of Part-II(Dissertation), the colleges have following two options in order to increase the fairness in assigning marks to the candidates .

- (i) The Concerned Board of Studies(BOS) of the University will appoint two or three external referees who will examine minimum six to maximum thirteen candidates. The mark of each candidate will be forwarded to the University.
- (ii) BOS will appoint one external moderator along with the internal and external examiners who will be physically present during the viva of all candidates. The moderator will moderate assigned marks of each candidate in comparison with rest of the other candidates. The moderated mark of each candidate will be forwarded to the University.

R ----- Standard of Passing the Examination:

- (i) A candidate will be declared pass when he/she has secured 50% in each course (Internal & External separately where ever applicable) of Part-I, Part II, Part III &Part IV separately in all four semesters. However, the candidate has to pass the internals of Part I & III separately for appearing Semester end Theory examination of each semester.
- (ii) The overall grade of the M. Ed.Spl. Ed. (HI) programme will be calculated on the basis of total marks obtained in all four semesters. The grade marks and grade points are as follows:

Letter Grade	Marks	Grade Point
0	1500 and above	7
А	1400 to 1499	6
В	1300 to 1399	5
С	1200 to 1299	4
D	1100 to 1199	3
E	1000 to 1099	2
F	999 and below	1

Grades and Grade Points

(iii) With respect to the performance of the candidate in each semester and the programme, semester grade point average (GPA) and cumulative grade point average (CGPA) will be calculated as per the standard guidelines of the University of Mumbai.

ALLOWED TO KEEP TERM

- (i) A student shall be allowed to keep term/s for consecutive semester/s irrespective of number of courses of failure in earlier semester/s.
- (ii) The result of semester IV shall be kept in abeyance until the student passes semestersI, II & III.
- (iii) A maximum of three years from the date of admission to the programme is allowed for programme completion. Number of attempts is limited to maximum 3 per course inclusive of the first attempt.
- (iv) A candidate failing in Part I can reappear for the examination without putting in attendance for the instructional hours of that course/s.
- (v) For Part-II, Viva voce of Dissertation will be conducted only when the candidate score 50 % or above in the internal & external report of the content of dissertation. In case of failing in the content, he/she has to modify the content of the dissertation as per the suggestions of internal and external referees/external moderator and resubmit the dissertation to the university. If the candidate fails only in viva voce, he / she has to reappear only in the viva voce.
- (vi) If the candidate does not appear for the semester end examinations fully or partially, he/she will be considered as a failure candidate. However, he/she is eligible for reappearing facility and his/her internal marks will be carried forward.

DEVELOPMENTS IN EDUCATION AND SPECIAL EDUCATION

Course Code: A 1

Contact Hours: 90

Credits: 04

Marks: 100

Introduction

This course will enable learners to explore education both general and special from historical perspective leading to contemporary India. The course also includes various commissions and policies and issues and trends in the field of education, special education and inclusive education in the national and international contexts covering all aspects of quantity and quality.

Objectives

After completing the course teacher educators will be able to

- Trace development of general and special education system (PwDs) in India.
- Appreciate implications of recommendations made by the various Committees and Commissions for educational (General and Special) developments in India.
- Develop insight into the issues and challenges of present day education system.
- Understand important quality related issues which need to be taken into account for revision/ development of new education policy.

Module 1: An Overview of Development of Education System

- 1.1 Shaping of Education in Pre-Independence India
- 1.2 Shaping of Education in Post-Independence India
- 1.3 Emerging Education in India and in the Global Context
- 1.4 Perspectives of Education for the Persons with Disabilities
- 1.5 Constitutional Provisions and Directive Principles Related to Education and Special Education

Module 2: Issues in Indian Education with Special Reference to Persons with Disabilities

- 2.1 Accessibility to School, Curriculum & Learning Resources and Attitudinal Barriers
- 2.2 Analysis of the Status of Elementary & Secondary Education for All. (SSA, RMSA,) and Issues for Bridging Gaps
- 2.3 Ensuring Equity Principles across Disabilities, Gender, Caste, Socially Disadvantaged Groups, Marginalized and their Specific Educational Problems

- 2.4 Challenges of Special Education, Inclusion, Systemic Reforms, Provisions and Support System, Public Private Partnership& NGO Initiatives
- 2.5 Support Systems to Meet Diverse Learning Needs- Family, Community, School, Peer, Administrative and Resource Support

Module 3: Policies and Legislations for Education & Special Education Development of Special Education in India

- 3.1 National Legislations (RCI Act 1992, PWD Act 1995, National Trust Act, Biwako Millennium Framework)
- 3.2 International Legislations for Special Education and International Organisations (UNESCAP, UNCRPD, WHO, UNICEF, NESCO, UNDP, Action Aid, CBM)
- 3.3 National Policies (POA 1992, SSA, RMSA and RUSA) & Government Schemes and Provisions for Persons with Disabilities
- 3.4 Role of Governmental and non-governmental agencies in general and special education
- 3.5 Current issues- Identifications, Labelling, cultural and linguistic diversity & advocacy

Module 4: Quality Issues in Education

- 4.1 Indicators of quality related to teaching learning strategies, classroom environment, and Student Assessment
- 4.2 Linking pedagogy with curriculum, contextual constructivism
- 4.3 Ensuring standards in Open& Distance Learning system Non-formal education, face-to-face *vs*. Distance mode
- 4.4 Special and Inclusive education Adopting flexible strategies for the acquisition and use of inputs and monitoring performance in inclusive set up
- 4.5Quality enhancement in service delivery and community rehabilitation

Module 5: Current Trends and Future Perspective

- 5.1 Education as a development indicator, and enhancer of development indicators
- 5.2 Education for sustainable development & Right based approach
- 5.3 International curriculum framework in the light of changing priorities and international perspectives
- 5.4 Education for conservation of environment and social change
- 5.5 Education for individual and national development

Course Work/Assignments (Any three) 1 credit

- Trace development of education in India during pre-Independence
- Identify Constitutional provisions ensuring equity and protection of human rights as well as non-discrimination
- Study factors influencing special education as a discipline in India
- Identify quality related issues of your State and suggest strategies to address them

PSYCHOLOGY OF DEVELOPMENT AND LEARNING

Course Code: A 2

Contact Hours: 90

Credits: 04 Marks: 100

Introduction

This course exposes learners to the critical understanding of theoretical perspectives of development and implications for in teaching learning process. Through close observation of children in their natural environments would situate the theoretical knowledge within realistic frames. This course would also be able to equip them to reflect and critique the cognitive and information processing.

Objectives

After completing the course teacher educators will be able to

- Explain the psychological principles and their application in specific context of education and special education.
- *Explain the principles and their implication for growth and development.*
- Critically analyse the process from the point of view of cognitive psychology.
- Explain role of motivation in learning, learning processes and theories of personality.
- Apply psychological aspects to teaching learning situations.

Module 1: Overview Educational Psychology

- 1.1 Nature and scope of educational psychology
- 1.2 Principles of educational psychology
- 1.3 Methods of Educational Psychology
 - 1.3.1 Observation
 - 1.3.2 Experimental method
 - 1.3.3Correlational
 - 1.3.4 Clinical
 - 1.3.5 Case Study
- 1.4 Applications of educational psychology to person with disabilities
- 1.5 Contemporary trends

Module 2: Understanding the Development of the Learner

- 2.1 Concept of Growth and Development
- 2.2 Methods of studying development: Longitudinal, Cross-sectional, Cohort sequence
- 2.3 Physical, social, emotional, moral development, play and language development
- 2.4 Cognitive Development: Piaget, Vygotsky and Kohlberg

2.5 Factors affecting Growth and Development

Module 3: Cognition and Information Processing

- 3.1 Sensation, Perception and Attention
- 3.2 Memory Nature and types, factors affecting memory
- 3.3 Thinking: Concept Formation, Reasoning, Problem solving
- 3.4 Intelligence: Nature, types, theories and assessment 3.4.1 Creativity
- 3.5 Individual differences and its educational implications for children with disabilities

Module 4: Motivation, Learning and Personality

- 4.1 Concept, definition and theories of Motivation
- 4.2 Classical and Contemporary Learning Theories: Behavioural, Cognitive and Social
- 4.3 Concept, definition and principles of personality development
- 4.4 Personality Theories-
 - 4.4.1 Psychoanalytic-Freud & Neo-Freudians, Trait, Humanistic
 - 4.4.2 Assessment of Personality
- 4.5 Implications in teaching-learning with reference to children with disabilities

Module 5: Psychological Aspects of Teaching

- 5.1 Individual differences in cognitive and affective areas and its educational Implications
- 5.2 Classroom climate, group dynamics
- 5.3 Peer tutoring, co-operative learning, self-regulated learning
- 5.4 Teacher effectiveness and competence
- 5.5 Guiding children with disabilities

Course Work/Assignments (Any three) 1 credit 30 hrs

- Plan and conduct a survey about attitudes/practices regarding one or more of the following: children with disabilities, prenatal development, prenatal hazards, school drop-out, motivation of children
- Conduct an experiment with Piagetian methods of evaluating cognitive development and submit a report
- Analyze any autobiography to explain human development
- Design a behaviour modification plan for a specific child
- Present information on cognitive styles and their effects on learning

Transaction

RESEARCH METHODOLOGY AND STATISTICS

Course Code: A 3

Contact Hours: 90

Credits: 04 Marks: 100

Introduction

This course aims to develop within the student a temperament for scientific thinking and research. It orients the student to the methods of conducting research, analysis of data, and enables him/her to prepare research proposal and report subscribing to the standard norms and criteria.

Objectives

After completing the course teacher educators will be able to

- Develop a conceptual understanding of research, its need and ethical research practices.
- Describe the types, methods and process of research.
- Apply statistical techniques for analysis of data.
- Explain the methods and techniques of qualitative research.
- Prepare research proposal and report.

Module 1: Scientific Knowledge and Research

- 1.1 Sources and philosophy of knowledge
- 1.2 Scientific thinking and research
- 1.3 Role of theory in research
- 1.4 Need for research in Education and Special Education
- 1.5 Ethics in research

Module 2: Types and Methods of Research

- 2.1 Types of research- Quantitative, Qualitative, Fundamental, Applied, Action
- 2.2 Methods of Research:
 - Descriptive
 - Correlational
 - Ex-post facto
 - Experimental; Designs (i) Pre-experimental, (ii) Pre-Post designs, (iii) Quasi Experimental design, (iv) single subject design
- 2.3 Variables- Types and threats

- 2.4 Process of research- Selection of problem, Review of literature, Sampling; Types and selection process, Hypothesis
 - Instruments; tests, questionnaire, interview, observation schedule, rating scale -Data collection and analysis
- 2.5 Standardization of research instrument- Selection of items, reliability and validity and norms

Module 3: Methods of Quantitative Analysis

- 3.1 Parametric and non-parametric tests: Concept and difference
- 3.2 Descriptive Statistics:
 - Measures of Central Tendency
 - Correlations;Product-moment, Biserial-r, Point-biserial, Phi-coefficient, Regression analysis
- 3.3 Inferential statistics
 - Underlying concepts: Sampling error, standard error of mean, confidence level, degrees of freedom, one tail-two tail test, type I and type II errors
 - Student t- test, ANOVA, Ancova, Chi-square, Sign Test, Mann Whitney U test, Kruskal-Wallis test
- 3.4 Computer applications for analysis
- 3.5 Tabulation and graphic representation

Module 4: Qualitative Research Methods and Analysis

- 4.1 Grounded theory
- 4.2 Ethnography and case study
- 4.3 Narrative/discourse and visual methodologies
- 4.4 Mixed method
- 4.5 Themes, coding and presentation

Module 5: Preparing Research Proposal & Report

- 5.1 Components of research proposal
- 5.2 Presentation of proposal
- 5.3 Writing of thesis/dissertation
- 5.4 Writing technical paper for publication
- 5.5 Research management

Course Work/Assignments (Any three) 1 credit

- Review a research paper published in refereed journal
- Prepare and present a research proposal
- Review a text book and submit a report
- Analyze a set of data using computer application

Transaction

The research concepts and processes included in this course should be taught using examples from special education and disability studies. The topics from statistics should be explained

30 hrs

through variables, hypothesis and type of data collected in selected research studies. Evaluation may be done by asking students to select and apply suitable statistical measure to a given set of data.

CURRICULUM DESIGN & DEVELOPMENT

Course Code: A 4 Contact Hours: 90 Credits: 04 Marks: 100

Introduction

Changes in society constantly demand new knowledge and skills and require the continuous development of our educational system. This course will provide the trainee the foundational know-how and theoretical underpinning of curriculum development from design and implementation to evaluation and an informed and critical understanding about curriculum differentiation

Objectives

After completing the course teacher educators will be able to

- Define and identify different components of curriculum.
- Understand and analyse various approaches to curriculum development.
- Explain and demonstrate curriculum differentiation.

Module 1: Nature of Curriculum

- 1.1 Definition and scope of curriculum
- 1.2 Bases of Curriculum-philosophical, sociological and psychological
- 1.3 Principles of curriculum transaction
- 1.4 Fundamentals of curriculum development: knowledge based, activity based, skill based and experience based
- 1.5 Historical and contemporary evolution of curriculum

Module 2: Approaches & Types of Curriculum Development

- 2.1Developmental Approach
- 2.2 Functional Approach
- 2.3 Eclectic Approach
- 2.4 Ecological Approach
- 2.5 Expanded Core Curriculum
- 2.6 Hidden Curriculum

Module 3: Principles of Curriculum Construction

3.1 Curriculum & Ideology

- 3.2 Curriculum as a Social Construct
- 3.3 Differentiating between Curriculum Design and Curriculum development
- 3.4 Theories of Curriculum Development
- 3.5 Universal Design of Learning for Curriculum Development

Module4: Curriculum Development & Instructional Design

- 4.1 Differentiation of Curriculum
- 4.2 Pedagogical Theories and curriculum transaction
- 4.3 Material and Instructional Adaptations
- 4.4 Assessment and Evaluation

Module 5: Critical Issues in Curriculum

- 5.1 Organisation of learning opportunities for diverse needs
- 5.2 Designing integrated and inter-disciplinary learning experiences
- 5.3 Collaborative curriculum
- 5.4 Alignment of curriculum and modes of assessment
- 5.5 Curricular trends

Transaction

Group discussion, lecture-cum-discussion, panel discussion, school visits and teaching observations, individual assignment of lesson planning based on learning needs in the classroom.

Course Work/Assignments (Any three) 1 credit

- Write a 2000 word essay describing a curriculum in action in an inclusive school
- Adapt any one lesson in collaboration with a regular teacher within a secondary school text book (using one of the approaches to curriculum development) to meet the needs of children with disabilities

30 hrs

- Study any one curriculum of your choice and reflect upon it
- Write an essay of the recent trends in curriculum followed at CBSE/ICSE schools

INCLUSIVE EDUCATION

Course Code: A 5 Marks: 100 Credits: 04 Hours: 90

Introduction

This course will prepare teacher trainees to develop insights into models, evolution, current issues and strategies for developing inclusive learning environments. This course will promote collaborative skills in the trainees in order to address special learning needs in the classroom.

Objectives

After completing the course teacher educators will be able to

- Explain the philosophical, sociological and rights perspective of inclusive education.
- Develop skills in using a wide range of tools, instructional strategies, and social supports to assist students with disabilities learn effectively.
- Develop the skills associated with inter-personal relationships, managing relations in educational settings, problem-solving in educational settings, leadership and working in teams to promote inclusion.

Module 1: Perspectives in Inclusive Education

- 1.1 Historical perspective of Inclusive education globally and in India
- 1.2 Approaches to disability and service delivery models
- 1.3 Principles of inclusive education
- 1.4 Key debates in special and inclusive education
- 1.5 Research evidence on efficacy and best practices associated with inclusive education

Module 2: Covenants and Policies Promoting Inclusive Education- A Critique

- 2.1 International Declarations: Universal Declaration of Human Rights (1948), World Declaration for Education for All (1990)
- 2.2 International Conventions: Convention Against Discrimination (1960), United Nations Convention on Rights of a Child (1989), United Nations Convention of Rights of Persons with Disabilities (UNCRPD) (2006), Incheon Strategy (2012)

- 2.3 International Frameworks: Salamanca Framework (1994)
- 2.4 National Commissions & Policies: Kothari Commission (1964), National Education Policy (1968), National Policy on Education (1986), Revised National Policy of Education (1992), National Curricular Framework (2005), National Policy for Persons with Disabilities (2006)
- 2.5 National Acts & Programs: IEDC (1974), RCI Act (1992), PWD Act (1995), National Trust Act (1999), SSA (2000), RTE (2009) and amendment 2012, RMSA (2009), IEDSS (2013)

Module 3: Building Inclusive Schools

- 3.1 Identifying barriers to Inclusion- Attitudinal, Systemic and Structural
- 3.2 Ensuring Physical, Academic and Social Access
- 3.3 Leadership and Teachers as Change Agents
- 3.4 Assistive Technology
- 3.5 Whole School Development

Module 4: Building Inclusive Learning Environments

- 4.1 Classroom Management
- 4.2 Effective Communication
- 4.3 Promoting Positive Behaviour
- 4.4 Reflective Teaching
- 4.5 Peer mediated instruction: Peer tutoring, Co-operative learning

Module 5: Planning for Including Diverse Learning Needs

- 5.1 Universal design of learning
- 5.2 Adaptations and accommodations for sensory impairments
- 5.3 Adaptations and accommodations for children with multiple disabilities
- 5.4 Adaptations and accommodations for children with neuro-developmental disabilities
- 5.5 Adaptations and accommodations for children with intellectual impairment
- 5.6 Adaptations and accommodations for gifted children

Module 6: Collaborations

- 6.1 Models of collaboration
- 6.2 Working with Parents
- 6.3 Managing Conflict
- 6.4 Co-teaching
- 6.5 Mentoring and Coaching

Transaction

Interactive course with discussion as well as field work to get first-hand experience of coteaching mainstream classrooms with children with disability

Course Work/Assignments (Any three) 1 credit

30 hrs

- Study the impact of UNCRPD on RTE's provisions for children with disabilities
- Review of research in any one area in inclusive education and highlight its implications for the practitioner
- Develop a differentiated lesson with content, process, and products adapted to suit a specific learner
- Implement the lesson plan above in a regular school using one of the models of collaborative teaching. Write your reflections in a journal

PERSPECTIVES IN TEACHER EDUCATION - IN-SERVICE AND PRE-SERVICE

Course Code: A 6 Contact Hours: 90 Credits: 04 Marks: 100

Introduction

This course intends to orient the student about the aims and purpose of teacher education and critically reflect on its' status in India with specific reference to the developments in the field of special and inclusive education as well as identify the issues and challenges. A critical understanding of pre-service and in-service education of teachers in special and inclusive education would promote skills of designing and evaluating curriculum as well as capacities in transacting teacher training programs with essential inputs.

Objectives

After completing the course teacher educators will be able to

- Gain insight and understand development of Teacher Education with reference to education of children with disabilities.
- *Reflect on issues and problems related with teacher preparation for education of children with disabilities.*
- Familiar with responsibilities of different organisations in preparation of competent teachers and critically examine it.
- Appreciate importance of in-service programmes and develop capacity to plan and execute it as per specific need and purpose.
- Appraise the existing teacher education curriculum and its relevance, issues and challenges.

Module 1: Understanding Teacher Education (TE)

- 1.1 Concept, Aims and Objectives of TE
- 1.2 Significance of TE in India
- 1.3 Types of TE: Pre-service and In-service; Continued development of Teacher as a Professional
- 1.4 Structure of TE in India and Organizations/Agencies involved

1.5 Factors influencing the practices in TE and quality

Module 2: TE and Education of Children with Disabilities

- 2.1 Early Initiatives in preparing teachers for children with disabilities in India
- 2.2 Establishment of various national institutes and development of TE in special education
- 2.3 Establishment of RCI as a statutory body in standardizing and promoting TE in special education
- 2.4 Changes in School Education for Children with Disabilities and its Impact on TE
- 2.5 Paradigm shift from Segregation to Inclusion Impacting TE

Module 3: Pre-service TE in Education of Children with Disabilities

- 3.1 Changing scenario of teacher education curriculum and evolving priorities
- 3.2 Characteristics of TE framework developed by RCI, structure and organisation of different components of TE Curriculum
- 3.3 Components of Pre-service TE: overview of courses at different levels, weight age of course work and evaluation
- 3.4 Various components of TE curriculum and their transactional modalities
- 3.5 Organisation, transaction and evaluation of different components of TE curriculum including school based practicum, and internship

Module 4: Continued Teacher Development Program

- 4.1Need and modalities for continuing professional development of a teacher (Continuing Rehabilitation Education (CRE), Workshop, Seminar, Conferences, Projects, Exchange programmes) and their advantages and limitations
- 4.2 Structures and models of in-service teacher education-sub-district, district, State, regional and national level organisations and their role, voluntary efforts
- 4.3 Modes (face to face, distance modes, on line and mixed modes) and models (induction, one shot, recurrent, cascade, multi-site, school based, and course work) of in-service TE
- 4.4 Planning an in-service TE programme- preliminary considerations (purpose, duration, size of group, activities and budget)
- 4.5 Designing and organizing an in-service TE programme- assessment of training needs, identifying essential components, guidelines

Module 5: Issues and Challenges in TE for Education of Children with Disabilities

- 5.1 Teacher motivation and working conditions; opportunities for professional development
- 5.2 Organizing TE: Conventional versus ODL
- 5.3 Collaboration/linkage between MHRD/NCTE and MSJE/RCI
- 5.4 Single disability versus cross disability approach in TE and addressing disability issues in general education curriculum
- 5.5 ICT and TE

Course Work/Assignments (Any three) 1 credit

- Prepare a checklist/schedule to collect information about curriculum transaction either in Diploma or B.Ed. in Special Education Courses in any Training Institute. Take interview of at least 10 student teachers and analyse the data to suggest improvement in quality of training
- Prepare a checklist/schedule to collect information from employer about competency of alumini of student teachers. Take interview of at least 5 principals of schools having children with disabilities and analyse the data to suggest improvement in quality of training and the need for in-service training
- Write a reflective essay on distance education in special education
- Carry out web search on global trends in teacher education programme and make a presentation

- NCTE (1998). Policy Perspectives in Teacher Education: Critique and Documentation, New Delhi.
- Saxena, N.R., Mishra, B.K., & Mohanty, R.K. (1998). Teacher Education, R-Lall Book Depot, Meerut.
- Sharma, R.A. (2002). Teacher Education. International Publication House, Meerut.

EDUCATIONAL EVALUATION

Course Code: A 7 Contact Hours: 90

Credits: 04 Marks: 100

Introduction

Education is a continuous process which begins with evaluation and ends with evaluation. This course intends to orient the learners with the foundation, scope and practices followed in educational evaluation and undertaking adaptations to suit the needs of children with disabilities. The course also takes the learners one step ahead by building an understanding of the contemporary evaluation practices as well as programme evaluation.

Objectives

After completing the course teacher educators will be able to

- *Explain the key concepts of evaluation and describe the developments in evaluation.*
- Describe the scope of evaluation in education.
- Describe the use of evaluation as an effective tool in teaching-learning process.
- Describe the ways & means of evaluation of programmes.
- *Explain the current trends in evaluation.*

Module 1: Foundations in Evaluation

- 1.1 Concept of testing, measurement, assessment and evaluation
- 1.2 Difference between investigation, auditing, monitoring & evaluation
- 1.3 Principles of Evaluation
- 1.4 Areas of Evaluation
- 1.5 The evolution of the evaluation function;i) Measurement/ comparison, Transparency/ accountability, ii) Understanding/ learning/ decision making/positive accountability

Module 2: Scope of Evaluation

- 2.1 Problem-solving and decision-making
- 2.2 Positive accountability and excellence in education
- 2.3 Knowledge construction and capacity building of learners
- 2.4 Organizational learning and change, and strategic planning
- 2.5 Advocacy & communication

Module 3: Teaching-learning and Evaluation

- 3.1 Evaluation of learning, for learning and in learning- Contexts, Need & Nature
- 3.2 Tools for evaluation and process of standardization
- 3.3 Equity & fairness in evaluation including adaptations & Accommodations
- 3.4 Report writing: Format, Content & Mechanics
- 3.5 Mastery Level Learning

Module 4: Programme Evaluation& Review

- 4.1 Concept, need, goals and tools
- 4.2 Evaluation of instructional programmes
- 4.3 Techniques of programme evaluation
- 4.4 Reliability, validity and sensitivity in programme evaluation
- 4.5 Reviewing outcomes

Module 5: Current Trends in Evaluation

- 5.1 Knowledge based evaluation
- 5.2 Performance Based Evaluation: Role play, Concept maps
- 5.3 Authentic Evaluation: Interviews, Writing samples, Projects, Exhibitions, Reflective Journals
- 5.4 Self evaluation: Rubrics & Rating scales
- 5.5 Exams: Online, On-demand, Take-home Power Tests & Open book

Transaction & Evaluation

- Lecture-cum-demonstration, Workshops on developing tools for content and programme evaluation
- Assignments, Presentations and Class Tests

Course Work/Assignments (Any three) 1 credit

- Observe and prepare a report on evaluation practices at any two levels in (i) a Mainstream and (ii) a Special school. Critically analyze the evaluation practices.
- Develop a format for self evaluation for teachers in special or mainstream.
- Develop tools one each for Knowledge based, Performance based &Authentic evaluation for children with disabilities studying in a class or a subject of your choice.
- Prepare an open book test for VII standard

Disability Specialization

HEARING IMPAIRMENT

IDENTIFICATION, ASSESSMENT AND NEEDS OF CHILDREN WITH HEARING IMPAIRMENT

Course Code: B 8 Contact Hours: 90 Credits: 04 Marks: 100

Introduction

The course aims to develop an understanding of applications of various Audiological, speech, language and communication assessments for recommendations of various educational practices. The said course would also help learners to appreciate the role of professionals to address the needs of the child with hearing impairment in a holistic manner using team approach.

Objectives

After completing the course teacher educators will be able to

- Explain audiological evaluation and reflect its application in education of CWHI.
- Describe speech of children and reflect its use in evaluation of CWHI.
- Explain various issues related to assessment of language and communication of CWHI.
- *Explain the practices in educational assessment including the setting up of an educational assessment centre.*
- Describe the importance of team approach and reflect on their role in assessment and identification of needs.

Module 1: Audiological Assessment, Identification and Addressing Needs

- 1.1 Overview and need of various audiological assessment
- 1.2 Choice and selection of audiological tests according to age and functional abilities of the child

- 1.3 Overview of audiological assessment of children with additional/ associated disabilities
- 1.4 Selection of modality / method of management (auditory, speech reading vs manual communication) based on aided performance (aided audiogram & speech identification)
- 1.5 Recommendation of educational set-up (special, partial integration vs inclusive education) based on aided performance (aided audiogram & speech identification) as one of the factors

Module 2: Speech Assessment, Identification and Addressing Needs

- 2.1 Overview of acoustics of speech; Classification of speech sounds based on major acoustic cues
- 2.2 Compare and contrast speech development in typical developing children and CWHI
- 2.3 Phonological errors as a function of audiogram configuration (flat, gradually sloping and steeply sloping) and degree of hearing loss
- 2.4 Selection of appropriate strategies, material, and equipment for teaching speech
- 2.5 Need for use of regional language based speech assessment tests

Module 3: Language & Communication Assessment, Identification and Addressing Needs

- 3.1 Parameters of selecting medium of instruction for CWHI: Language/s used at home, school & society
- 3.2 Language assessment of the deaf: Challenges and concerns (standardized versus teacher made tools; Setting norms of children 'with' versus 'without' disability; modality dependent nature of language; measuring receptive language; identifying measurable indicators)
- 3.3 Biological foundations and research in early language experiences in the past two decades: From input to uptake
- 3.4 Processing sign languages in early years: Neural reorganization; Access to age appropriate language; Ease of intake; Universal grammar; Modality dependent versus modality independent components
- 3.5 Studying language assessment component in ICF; Recommendations related to language assessment reflecting in National Curriculum Framework (NCF)

Module 4: Educational Assessment, Identification and Addressing Needs

- 4.1 Concept & principles of Educational Assessment
- 4.2 Scope & priorities in educational assessment
- 4.3 Methods, Techniques & tools for educational assessment & Reporting: Formal & Informal
- 4.4 Outcomes of educational assessment: Identification, addressing educational needs; linking with pedagogical decisions
- 4.5 Setting up of an educational assessment clinic/centre: Need & Requirements (essentials & Desirables)

Module 5: Team Approach in Assessment, Identification & Assessing Needs

- 5.1 Team Approach: concept & types (Multidisciplinary, Interdisciplinary and Transdisciplinary);
- 5.2 Role of various stakeholders: professionals, personnel, parent and the child;
- 5.3 Constitution of team with respect to CWHI: Considerations on child's age, severity and associated conditions;
- 5.4 Team's role before, during and after assessment; Identifying and addressing the need and planning IEP / IFSP
- 5.5 Team's role in outcome measures: Periodic assessment and evaluation; review of performance against previously set goals

Course Work/ Practical/ Field Engagement (any three) 1 credit 30 hours

- Compiling a set of 10 aided audiograms and aided speech identification scores for selection of modality, method of communication and educational set-up.
- Review two IEP records and reflect upon the role responsibilities and team approach
- Reflections on changing trends in language assessment beyond syntax (semantics & pragmatics)
- Compiling of recently developed speech tests in India and critically analysing them
- Visit an educational assessment clinic / centre and review the different tools available for educational evaluation of children with hearing impairment.

CURRICULUM AND TEACHING STRATEGIES FOR CHILDREN WITH HEARING IMPAIRMENT

Course Code: B 9 Contact Hours: 90 Credits: 04 Marks: 100

Introduction

Having the foundations of curriculum design and approaches, the learners will find its applications while studying and designing the curriculum for children with hearing impairment. The course is especially design to add on the specialised curricular requirements of children with hearing impairment and strategies in both special and inclusive classrooms.

Objectives

After completing the course teacher educators will be able to

- Describe the curricular needs, framework and practices emerged out of the paradigm shift in education.
- Explain the bases, types and strategies of curricular adaptations.
- Understand the concept and strategies in differentiated instructions.
- *Explain the processes and theories of literacy development.*
- *Explain the multiple literacy and their applications in curriculum.*

Module 1: Curricular Needs at Different Levels

- 1.1 Paradigm shift in education: school, teacher, learner & curriculum for 21st century
- 1.2 Causes of learning difficulties in children with hearing impairment
- 1.3 Differential curricular needs of early and late intervened children with hearing impairment
- 1.4 Curricular framework for Early intervention & Early Childhood Education
- 1.5 Domains of development facilitating the school readiness for inclusive education

Module 2: Curricular Adaptations

- 2.1 Bases of curricular adaptations & decision making
- 2.2 Step wise curricular approach and its adaptation
- 2.3 Types of accommodations, modifications and its applications
- 2.4 Strategies of adaptation of text of different school subjects

2.5 Adaptation in evaluation

Module 3: Differentiated Instructions

- 3.1 Relevance & Concept
- 3.2 Elements of differentiated instructions (Knowing the learner, assessing the learner, school climate, instructional strategies, adjustable assignments)
- 3.3 Need assessment & Decision making
- 3.4 Learning pyramid
- 3.5 Mastery level learning

Module-4: Literacy Development & Teaching Strategies

- 4.1 Deafness & literacy issues;
- 4.2 Theories of literacy development and their applications
- 4.3 Processes involved in reading & writing
- 4.4 Processes involved in speaking, listening & signing in literacy development
- 4.5 Meta cognitive strategies & instructional practices

Module 5: Research & Development in Literacy

- 5.1 Research in literacy: An overview
- 5.2 Priority areas of research
- 5.3 Identifying the gaps in literacy research
- 5.4Readings in Researches on literacy development at different levels in the past two decades
- 5.5 Evidence based practices in literacy development

Course Work/ Practical/ Field Engagement (any three) 1 credit 30 hrs

- Select a text of your choice and adapt the content in terms of knowledge, language, presentations illustrations
- Write an essay on the Montessori curriculum and its relevance to children with hearing impairment
- Profile the current level of functioning of literacy (one child)
- Present an article published after 2011 in an indexed journal on literacy

Transaction & Evaluation

Lecture cum demonstration, Self-learning & Workshop

ADULTHOOD AND FAMILY ISSUES

Course Code: B 10	Credits: 04
Contact Hours: 90	Marks: 100

Introduction

The course is designed to develop learners' insight into transitional process from adolescence to adulthood and issues related to adulthood of individuals with hearing impairment. The learners are expected to appreciate the need for planning adulthood towards promoting their independent leaving, higher and vocational education as well as employment. The course would build suitable capacities so that the learners can address the family, community and cultural issues through suitable interventional plan.

Objectives

After completing the course teacher educators will be able to

- Appreciate the importance of planning and implementing transition services for preparing adolescents towards adulthood.
- Explain strategies of developing independent living skills and preparing them for gainful employment.
- Describe communication, cultural and family issues to reflect in planning of services.

Module 1: Transition from Adolescence to Adulthood

- 1.1 Transition: Concept and challenges as perceived by D/deaf adolescents and their families
- 1.2 Domains of transition: Educational, independent living, social-cultural and employment
- 1.3 Factors influencing transition: Academic and personal achievement, aspiration & motivation, interaction & complexities, environmental barriers, late deafened adults; concept of self and self efficacy
- 1.4 Role of support and facilitators: Family, peers, community; agencies and environmental support
- 1.5 Planning and implementing transition services

Module 2: Independent Living

- 2.1 Concept and its importance
- 2.2 Money management and related financial skills
- 2.3 Health and physical fitness skills
- 2.4 Life skills: Social-etiquette and mannerism
- 2.5 Leisure time, hobbies and recreational activities

Module 3: Higher Education, Vocational Education& Employment

- 3.1 Higher Education: Need, scope, status of higher education
- 3.2 Vocational education: Need, scope, status of vocational education
- 3.3 Selecting suitable higher education & vocational streams
- 3.4 Career choices: job seeking skills and facing interviews
- 3.5 Work adjustment skills; Job related social skills

Module 4: Community& Cultural Issues

- 4.1 Diversity in DEAF WORLD
- 4.2 Comparison of Hearing world-Deaf world on culture and group identity and communication options
- 4.3 Legal issues regarding communication accessibility
- 4.4 Views of Cochlear Implantees and hearing aid users towards Deaf culture
- 4.5 Facilitating societal inclusion of individual with hearing impairment

Module 5: Family Issues

- 5.1 Role & challenges of families in fostering adjustment, personality development, independent living employment and marriage
- 5.2 Raising of hearing children by Deaf parents: Deaf Child Deaf Parent (DCDP); Deaf Child Hearing Parent (DCHP) issues
- 5.3 Communication patterns and parenting issues in families with Deaf parents and hearing children
- 5.4 Identifying family needs and Supporting towards resource mobilization, family networking and facilitating availability of welfare schemes
- 5.5 Advocacy at family and individual levels; Strategies

Course Work/ Practical/ Field Engagement (any three) 1 credit 30 hrs

- Prepare a poster on family advocacy
- Hold a mock interview session and write your reflections upon it
- Interview a family to identify 'need and support'
- Have a focussed group discussion Deaf culture in India, and submit a reflective essay on the same
- Make a pamphlet regarding financial management for the D/deaf adult

Transaction & Evaluation

- Lecture-cum-demonstration
- Inviting Deaf adults to share their experiences & success stories.

Essential Readings

- Annable G., Walters, C., Strensta, D., Symanzik, S, Tuuuyb. L., &Sterwer, N. (2003). Students with disabilities, Transition from postsecondary education to work, Winnipeg. Canadian centre for disability studies, Manitoba.

ASSISTIVE DEVICES & SERVICES FOR INDIVIDUALS WITH HEARING IMPAIRMENT

Course Code: B 11 Contact Hours: 90

Credits: 04 Marks: 100

Introduction

The course will assist learners to know about technological devices required and used in various interventional settings and also the schemes available to procure the individual aids and appliances. The course also envisages to arouse curiosity amongst learners about various technological advancements and research and development in the said area.

Objectives

After completing the course teacher educators will be able to

- Describe the available schemes and reflect on status of services for individuals with hearing impairment and suggest ways to improve.
- Understanding about individual and group listening devices used by CWHI in schools.
- Discuss role of technology in facilitating communicative educational and social functioning of language.
- Understanding about use of assistive devices & methods in the management of CWHI in schools/ clinics.
- Explain the present and future technologies, research developments and evidence based practices facilitating the education of CWHI.

Module 1: Schemes& Services for Individuals with Hearing Impairment

- 1.1 Schemes for persons with disabilities of various ministries/departments of central and state government in early intervention, rehabilitation, education and employment;
- 1.2 Schemes for availing aids and appliances: ADIP and other schemes
- 1.3 Services for individuals with hearing impairment: Types, availability, coverage and quality
- 1.4 Delivery of services; Role of various stakeholders, planning, implementing, collaboration, challenges and issues
- 1.5 Appraisal of services: Methods of measuring outcomes and suggesting plan of action

Module 2: Listening and Assistive Devices in Audiological Management

- 2.1 Hearing aids: Overview to hearing aids; Overview to electro-acoustic characteristics and need to study same; Importance of ear moulds and its modifications
- 2.2 Cochlear Implant: Overview to cochlear implants; Need and importance for regular mapping
- 2.3 FM system: Components, Functioning, Types, Advantages and disadvantages
- 2.4 Induction loop systems & Hardwire systems: Components, Functioning, Types, Advantages and disadvantages
- 2.5 Criteria for recommendation of one device over the other; Role of special educators in measuring outcome of listening devices

Module 3: Assistive Devices in Management of Language & Communication

- 3.1 Meta level understanding of use of technology for language development
- 3.2 Access to whole language: Challenges of communication options and use of technology for ways to overcome
- 3.3 Use and availability of social media for sign language users: Communicative, educational and social purposes
- 3.4 Orientation to web based Curriculum Based Measurement (CBM) tools
- 3.5 Tele captioning of popular media and its role in literacy development

Module 4: Technology&Methods in Management of Speech

- 4.1Parameters measured in phonation and suprasegmental aspects of speech using advanced technology and their application
- 4.2 Need and methods to analyse and to correct articulation of speech
- 4.3 Selecting management techniques for phonation and suprasegmental aspects of speech
- 4.4 Selecting management methods for facilitating articulation in CWHI
- 4.5 Methods to improve speech intelligibility; Measurement of outcome

Module 5: Assistive Devices in Educational Management

- 5.1 Impact of Technology on education: Present & Future
- 5.2 Assistive technologies for personal and educational purposes: Devices & Processes and their application
- 5.3 Mainstream Technologies: Universal Designs; its Concept, Principles & product design
- 5.4 Research & Developments in Educational technology: national & international
- 5.5 Evidence Based Practices

Course Work/ Practical/ Field Engagement (any three) 1 credit 30 hrs

- Compare the application of the technology in classroom teaching between a developing and a developed country
- Undertake a survey of available services in your locality and reflect on their status for individuals with hearing impairment. Prepare a report.
- Analysis of electro-acoustic characteristics of 5 hearing aids and write a report

- Use social media to link with individuals with deafness and submit report on your experience
- Interaction with a D/deaf adult to find out role of technology in his/her social life. Write your reflections
- Measure the speech intelligibility of 2 children with hearing impairment
- Compare schemes available in your state / country with any state / country

Transaction & Evaluation
