

Dear Students,

Welcome and Congratulations on your acceptance to IDOL's PGDORM 2019-2020 batch. We are thrilled that you will be joining our IDOL family!

As a new student at IDOL, you are bound to have questions. Hence, we will arrange an **Induction Lecture soon**. Unfortunately, it is not possible to schedule it in the coming weekend because I and other professors are on election duty.

However, that should not delay your other lectures and hence, I have scheduled your 1<sup>st</sup> PCP lecture for this Sunday.

Our PCP lectures' journey starts from 20<sup>th</sup> October, 2019 and a 4-hour long lecture on **Optimization Models-1 by Prof. Hemant Solanki** has been organized for the day.

**Time Table for 20<sup>th</sup> October, 2019 (Sunday)**

	Venue	Timings
PCP Lecture on <b>Optimization Models 1</b>	Room No. 208, 2 <sup>nd</sup> Floor, Dr. Shankar Dayal Sharma Bhavan, <b>(IDOL Building)</b> Vidyanagari, Kalina, Santacruz East, Mumbai- 400098	01:30 pm – 05:30 pm

We are looking forward to start this learning journey with you and appreciate your interest in it. Don't hesitate to e-mail me if you face any problems related to the course.

All the best!

Regards,

Anitha Menon
