Note on the Specimen Grade Card

All the essential fields mentioned in the specimen grade card should appear in the College Grade Card. However, minor alternations in the representations is admissible.

In case of internal evaluation, the grade points and grade letter should be calculated on the basis of percentage as per the table given – for e.g. if the student secures 15 marks out of 25 in the internal, as per the Revised Grade System, the percentage of marks secured by the student is 60%, the grade point will be 8 and grade letter will be 'A' .

Overall grade in the internal and external evaluation – the grade points and grade letter should be calculated on the basis of Cumulative Score.
