

**Heartily Congratulation to**

**Dr. Nainesh Patel**

For approved Project from **DST-SERB** (extra mural)

*Title:* **Development of Nano-composite Photocatalyt for Production of Solar fuel (H<sub>2</sub>) from Water**

*Major Deliverable:* Combining four different material engineering strategies will facilitate in achieving the targeted solar to H<sub>2</sub> efficiency of 10 % with stable and earth abundant Photocatalyst.

*Prof. Vaishali Bambole*
