

ADMISSION NOTICE

ADMISSION ANNOUNCEMENT FOR THE ACADEMIC YEAR

2017-2018

Course Name : **Master of Library and Information Science**

(Full Time PG Course)

Duration : 2 Year (4 Semesters – **Choice Based Credit Grading System**)

Eligibility Criteria : Graduation from any faculty

Application Forms are available at Library's Office, 2nd Floor from **25th May 2017** onwards.

Last Date for submission : **31st July 2017***

For further details please contact:

Department of Library and Information Science

University of Mumbai, Jawaharlal Nehru Library,

2nd Floor Office, Vidyanagari,

Santacruz (East), Mumbai 400098

Tel. No. 022-26526679

* Last Date for submission of Application Form depends upon declaration of Graduation Results.

No. :

University of Mumbai

DEPARTMENT OF LIBRARY AND INFORMATION SCIENCE

Prospectus, Revised Syllabus and List of Books for the

MASTER OF LIBRARY AND INFORMATION SCIENCE **(FOUR SEMESTERS/TWO YEARS COURSE)** **CHOICE BASED CREDIT GRADING SYSTEM (CBCGS)** **(2017– 2018 ONWARDS)**

Department of Library and Information Science
Jawaharlal Nehru Library, University of Mumbai
Vidyanagri Campus, Santacruz (E), Mumbai- 400098

University of Mumbai

Department of Library and Information Science

Course Name: MASTER OF LIBRARY AND INFORMATION SCIENCE (MLISc)

CHOICE BASED CREDIT GRADING SYSTEM (CBCGS)

- Course level : Post Graduate Degree
- Duration : Two Years (Four Semesters)
- Credits : 96
- Eligibility : Graduation in any discipline
- Student intake : 30
- Medium of Instruction : English

History

Library Education was initiated in the form of a Diploma in Librarianship by the then Bombay University Library in 1943 at the Fort Campus. The increasing demand of the course led to the establishment of the Department of Library Science in 1964 and the Diploma course was converted into full time degree course of Bachelor of Library Science. In 1967 the Master of Library Science course was introduced. In 1984 the Department was shifted from the Fort Campus to the Jawaharlal Nehru Library at Vidyanagari Campus.

The Bachelor of Library Science course was first revised in 1978, so as to strengthen the professional contents and to include the modern techniques of Documentation and Information studies. A project report was also added as a component to introduce an element of research in the course. Practicals in Indexing and Abstracting were also added. In 1995-96, project work was replaced by practicals on Computer. A separate computer laboratory was set up in the Department so as to provide hands on experience to the students on computer applications. New topics in tune with the current developments in the field were introduced.

From the academic year 1997- 98 the nomenclature of the Bachelor's degree was changed to Bachelor of Library & Information Science and Master's degree was changed to Master of Library & Information Science respectively. The nomenclature of Department was also changed to the Department of Library and Information Science. The course was further revised in 1995-96 and partly in 2000, 2005 and 2006.

The Ph.D. programme in Library Science was initiated from the year 1995-96. The Credit Based Semester System for the Bachelor of Library & Information Science Course was introduced from the academic year 2012-2013.

Based on UGC guidelines the one year Bachelor of Library & Information Science (BLISc.) and one year Master of Library & Information Science (MLISc.) courses were converted into two years integrated Master of Library & Information Science course from the academic year 2015-16. It is designed, keeping in view the changing ICT trends in the Library Science profession as well as the requirements of the academic, public and corporate sector libraries. This integrated course has replaced the earlier one year BLISc and one year MLISc courses. BLISc will now cease to exist. MLISc. Choice Based Credit System (CBCS) will be introduced from academic year 2016-2017.

The Department functions as a unit with University Library and is housed in 'C' wing of J. N. Library building. The Department has made substantial contribution in the field of Library & Information Science by producing eminent professionals who are occupying key positions in Universities, Government Departments, Public Sector Undertakings and industrial establishments in India and abroad. This forms a strong and resourceful network of Alumni. The Department makes constant efforts for suitable job placements of students through its Job Watch Service.

Eligibility:

A candidate desirous of taking admission to the Master's Degree in Library & Information Science shall have passed a degree examination of the University of Mumbai or from any recognized university.

Passing Standard

The learners to pass a course shall have to obtain a minimum of 40% marks in aggregate for each course where the course consists of Internal Assessment & Semester End Examination. The learners shall obtain minimum of 40% marks (i.e. 16 out of 40) in the Internal Assessment and 40% marks in Semester End Examination (i.e. 24 Out of 60) separately, to pass the course and minimum of Grade E in each project, wherever applicable, to pass a particular semester. A learner will be said to have passed the course if the learner passes the Internal Assessment & Semester End Examination together.

Fee Structure: Aided

Fee Structure for Master of Library & Information Science Two Years Degree Course (for aided course) with effect from 2016 – 2017 onwards.

Sr. No.	Fees	M.L.I.Sc Part I	M.L.I.Sc Part II
		Sem I & Sem II	Sem III & Sem IV

Total			70			26	96

T= Theory, P= Practicals, E=Electives, OC= Optional Courses, PB= Project based courses

*Candidate will select any two courses from the Electives.

**Candidate will select one OC from the parent Department and one OC from any other Department of his/her choice.

Each semester will be of 15 weeks

Outline: MLISc Programme

Semester I

Course 1: Fundamentals of Librarianship
Course 2: Library Cataloguing
Course 3: Library Management - I
Course 4: Computer Applications to Libraries
P1: Library Cataloguing
P2: Basics of Computer Applications to Libraries

Semester II

Course 5: Library Classification
Course 6: Reference Sources and Services
Course 7: Information Services and Systems
Course 8: Applications of ICT to Libraries
P3: Library Classification
P4: Reference and Information Sources and Indexing and Abstracting

Semester III

Course 9: Library Management - II
Course 10: Research Methodology and Statistics

Electives:

Students will have to select two electives out of three electives

Course 11: Soft Skills and Communication
Course 12: Knowledge Organization
Course 13: Information, Communication and Society
P5: Soft Skills and Communication
P6: Advanced Classification and Thesaurus Construction

Semester IV

Optional Courses (OC)

Course 14: Digital Libraries
Course 15: Information Sources in Science and Social Sciences

Project Based Courses (PB)

Course 16: Dissertation
Course 17: ICT based project with Internship
P7: Digital Libraries
P8: Information sources in Science and Social Science

Exam Structure

Course No	Title	Marks	Internal	External
Semester I				
C1	Fundamentals of Librarianship	100	40	60
C2	Library Cataloguing	100	40	60
C3	Library Management - I	100	40	60
C4	Computer Applications to Libraries	100	40	60
P1	Library Cataloguing	100		100
P2	Basics of Computer Applications to Libraries			
	Total	500		
Semester II				
C5	Library Classification	100	40	60
C6	Reference Sources and Services	100	40	60
C7	Information Services and Systems	100	40	60
C8	Applications of ICT to Libraries	100	40	60
P3	Library Classification	100		100
P4	Reference and Information Sources and Abstracting and Indexing			
	Total	500		

Semester III				
C9	Library Management - II	100	40	60
C10	Research Methodology and Statistics	100	40	60
Electives: Any two from C11- C13				
C11	Soft Skills and Communication	100	40	60
C12	Knowledge Organization	100	40	60
C13	Information, Communication and Society	100	40	60
P5	Soft Skills and Communication	100		100
P6	Advanced Classification and Thesaurus Construction			
	Total	500		
Semester IV				
Optional Courses (OC)				
C14	Digital Libraries	100	40	60
C15	Information Sources in Science and Social Science	100	40	60
P 7	Dissertation	200		200
P 8	ICT based project with Internship	100		100
	Total	500		
	Grand Total (I+II+III+IV)	2000		

Pattern of Examination

A. Theory Examination (60: 40)

1. Semester End Exam – 60 marks

- There shall be 6 questions, out of which one will be short note question. Each question carries 15 marks.
- Candidate will attempt any 4 questions

2. Internal Assessment – 40 marks

- a. Attendance & Participation in Class 10 marks
- b. One Classroom Test 10 marks
- c. Two Classroom Assignments 20 marks

(Field Visit Report, Book Review, Preparation of Bibliography on a given topic, Seminar, Essay Writing)

B. Practical Examination

Practical examination will be conducted in each semester at the Department of Library and Information Science, University of Mumbai, Kalina Campus. External examiners shall be appointed from the panel of examiners appointed by the *Ad hoc* BOS and approved by the University.

C. Dissertation Evaluation

Assessment of the written dissertation and viva voce will be held at Department of Library and Information Science, University of Mumbai, Kalina Campus, conducted by the panel of external and internal examiners appointed by the *Ad hoc* BOS and approved by the University.

D. Grading System 4.14

10 Point Grading System

Marks	Grade Points	Grade	Performance
80 & Above	10	O	Outstanding
70 - 79.99	9	A+	Excellent
60 - 69.99	8	A	Very Good
55 - 59.99	7	B+	Good
50 – 54.99	6	B	Above Average
45 – 49.99	5	C	Average
40 – 44.99	4	D	Pass
Less than 40	0	F	Fail

Note : The subject weight will remain as earlier

Semester I

6 Credits

COURSE 1: FUNDAMENTALS OF LIBRARIANSHIP

Objectives:

- a. *To understand purpose, role and importance of libraries in society.*
- b. *To know about various types of libraries, their nature, objectives and services.*
- c. *To be familiar with the library scenario in general and the Indian scenario in particular.*
- d. *To study the role of professional library associations.*

1	Library and Society: Role and functions; Library as cultural, educational, political and social institution.
2	Historical Overview of library development: growth of libraries in India with special reference to Saraswati Mahal Library, Khuda Baksh Oriental Public Library, Baroda Public Library Movement, Contribution of UNESCO to libraries and library profession, Reports of committees and commissions: Kothari, Faizee, Dainton, Professional Associations – ILA, IASLIC, IATLIS, ALA, LA, CILIP, ASLIB, IFLA.
3	Types of Libraries: Objectives, Features, Functions and Contemporary library scenario in India with reference to Public, National, Academic and Special Libraries <ol style="list-style-type: none">i. Academic Libraries– Definition, Scope: School, College and University libraries.ii. Public Libraries - public library as an agency of mass communication, public library systems- Delhi Public Library; RRRLF, Library Legislation in India with special reference to Maharashtra, Press and Registration Act, Delivery of Books Act,iii. National Libraries - The National Library of India, Library of Congress, The British Library.iv. Special Libraries- Research, subject specific Libraries Corporate Libraries
4	<ol style="list-style-type: none">i. Dr. Ranganathan's Contribution to Library and Information Science, Five Laws and their current relevance.ii. b) Library cooperation, resource sharing, consortia.

COURSE 3: LIBRARY MANAGEMENT -I**6 Credits****Objectives:**

- a. *To be familiar with library procedures.*
- b. *To understand the principles of Library management and library as an organization*
- c. *To acquaint students with standard library procedures and services*

1	Management and administration: concept, definitions and distinction. Schools of Management, functions and principles of management. Library Committee, Organizing library and library departments.
2	Collection Management : Policies, selection, acquisition, maintenance. Acquisition: Policies for different types of materials - books, non-book, non-print, digital selection criteria, methods of acquisition (print and electronic), accessioning, records maintenance. Serials Management: policies, selection criteria, methods of subscription and procurement, Impact Factor binding of periodicals, e-journals, records maintenance.
3	Collection Maintenance: i. Technical Processing: Policies, Classifying, Cataloguing, Physical Processing, Records Maintenance. Storage and Maintenance: policies; storage requirements, stack; maintenance and upkeep, stock verification, inventory control, weeding, preservation, binding, electronic storage, records maintenance. ii. In-house operations : acquisition, ordering and membership database, circulation, serials control, receipts and expenditure, library fines, retrospective conversion, accounting, stock verification, archiving of rare material, library security systems, application of computer to library work. iii. Preservation: Preservation, conservation, restoration of print, non-print, electronic material, archiving of digital and non-digital material.
4	Library Services: i. Circulation Services: Policies, Methods and Procedures, Barcoding, Interlibrary loan, records maintenance. ii. Extension Services: Concept, policies, outreach methods - mobile libraries, display and exhibitions, book discussions, discussion forum.

COURSE 4: COMPUTER APPLICATIONS TO LIBRARIES**Objectives:**

- a. To understand the fundamentals of computers, its hardware and software.
- b. To be familiar with applications of Computers and Information Technology in libraries.
- c. To know the concept of RDBMS in library environment.

1	<p>Introduction to Computers:</p> <ol style="list-style-type: none"> i. An overview of historical developments in computers. ii. Hardware and software: <i>Hardware</i>: Memory- core and auxiliary, storage media – magnetic tapes, disks, optical discs, pen drive, input and output devices – keyboard, mouse, monitors, printers, scanners, OCR, communication ports – serial, parallel, USB. <i>Software Concepts</i>: System Software – operating systems e.g. Windows, Unix, Linux, Programming Languages. Application Software – features of MS Office. iii. Library Management Software: SOUL, KOHA
2	<p>Database Management Systems: Concepts, components and use, database management tools, an outline of WINISIS. RDBMS – MS Access, SQL, MySQL, Oracle. Database design – bibliographic and non-bibliographic databases.</p>
3	<p>Information and Communication Technology: Basic concepts and application to Library and Information Science, transmission media-cables, microwave, satellite. Data Communication Systems : Introduction, band-width and channel capacity, WiFi, PDA, bluetooth, smart phone, teleconferencing, ipod, RFID, data security systems</p>
4	<p>Networks and Networking:</p> <ol style="list-style-type: none"> i. Network topology ii. Networking – LAN, MAN, WAN, Intranet, Extranet, Internet. Features of Library Networks in India - INFLIBNET, DELNET, ERNET

Practicals

2 Credits

P1: LIBRARY CATALOGUING

Books: Personal Authors: single, shared, mixed and diffused authorship. Corporate Body (including Simple Corporate Body, Subordinate Corporate Body, Government Publications, Census Report Annual Reports, Conference Proceedings), Religious works, Serial Publications and Non-Book Materials.

Note: *Minimum 50 documents, covering different varieties are to be covered for cataloguing*

. 2 Credits

P2: BASICS OF COMPUTER APPLICATIONS TO LIBRARIES

Use of Operating System, MS-Office and Creation of database using MS Access and WINISIS.

MS-Office 1 Credit

WINISIS 1Credit

SEMESTER II

COURSE 5: LIBRARY CLASSIFICATION

4 Credits

Objectives:

- a. *To understand the role of library classification in knowledge organization.*
- b. *To understand the elements of library classification.*
- c. *To be familiar with the select schemes of classification.*
- d. *To analyze, apply and evaluate DDC Scheme.*
- e. *To acquaint with special schemes of classification and latest developments in the field of classification.*

1	Knowledge Organization: origin, history of classification, universe of knowledge, Knowledge classification, Library classification- Need, purpose. Types and features of Classification Schemes: <ol style="list-style-type: none">i. Enumerative, faceted, analytico-synthetic.ii. Notation – need, functions, characteristics, notational systems, hospitality.iii. Other auxiliary features – form classes, form divisions, generalia class, index, broken order, call number.
2	Comparison of knowledge and library classification. General Principles and Theory of Library Classification: Modes of subject formation, Rules of Division, Literary warrant. APUPA pattern. Canons of Classification, principles of helpful sequence.
3	Library Classification Schemes: <ol style="list-style-type: none">i. DDC – a detailed study (latest edition)ii. UDC, CC, Library of Congress classification scheme– an introductory studyiii. Comparison of DDC, UDC and CC
4	Special Classification Schemes: Needs and Purpose, Classification schemes for Patents, Pamphlets, Computer Science, Music, Mathematics, Medicine, LIS. Current development trends in classification: Ontology, Taxonomy, Folksonomy. Institutions in Classification: CRG, ISKO, B.S.O.

COURSE 6: REFERENCE SOURCES AND SERVICES

4 Credits

Objectives:

- a. To understand the basic concept of reference service and its organization.
- b. To be familiar with different categories of reference and information sources.
- c. To develop the students' ability to critically evaluate reference sources.

1	Reference Service: Concept, definition, need & scope. Different physical formats of Reference sources (print, non-print, electronic reference sources); Reference Librarian: role, functions and qualities. Process of Reference Service
2	Reference & Information Sources: Criteria for selection and Evaluation(authority, scope, treatment, arrangement, special features and utility), Categories of Reference and Information Sources: Dictionaries, Encyclopedias, Yearbooks, Directories, Handbooks, Bibliographies and Abstracts; News Digest, Indexes, Biographical Sources, Statistical Sources, Geographical Sources.
3	Reference Services: Referral Service, user education, Reference Service Delivery in different types of libraries such as public, academic, special,
4	Internet based reference services: Ready/Quick reference service, bibliographical and fact finding assistance, advisory and guiding assistance, short and long range reference service (Time based), pro active and responsive services, delivery of internet based services, virtual reference service.

17. Sheehy, E. P. (Ed).: *Guide to reference books. 10th ed*. Chicago: ALA, 1986.

COURSE 7: INFORMATION SERVICES AND SYSTEMS

6 Credits

Objectives:

- a. To understand different methods of processing information.
- b. To be familiar with different information centres at national and international level.
- c. To assess the information needs and to know the factors affecting information organization.

1	Information service: Concept, definition, need and scope.
2	Information Processing : historical background of abstracting and indexing, types of abstracts - informative, indicative, statistical, special purpose. types of indexes, Indexing language, pre and post co-ordinate indexing systems – Chain Indexing, POPSI, PRECIS, Keyword indexing – KWIC, KWAC, KWOC. Information Consolidation and Repackaging.
3	Information Dissemination: CAS and SDI services, translation service, Document Delivery Services In-house information Products: Bibliographies, state-of the-art reports, trend reports, newsletters, house journals, library manual, library websites, blogs. Documentation and Information Centres: OCLC, INPADOC, I.S.I. (USA), NISCAIR, DRTC, DESIDOC, NASSDOC, SENDOC, CMIE, National Informatics Center. Information Systems: INIS, AGRIS, MEDLARS, INSPEC, PIS India
4	Information users and their needs: Categories of users and their information needs, information seeking behaviour, information seeking models, user studies –methods, techniques and evaluation, needs of distance users and e-learners.

47. Webb, S. P. : *Creating an information service. 2nd Ed*. London: Aslib,1988.

COURSE 8: ICT APPLICATIONS TO LIBRARIES**6 Credits****Objectives:**

- a. To introduce the elements of Information and Communication Technology.
- b. To familiarize with internet and digital libraries.
- c. To understand the managerial aspect of computer application in LIS.

1	<p>Information Technology (IT) in libraries: Components of IT, impact of IT on libraries, IT based library and information services.</p> <p>Current developments: listserv, push and pull technology, e-learning, web 2.0 - social tagging, YouTube, Library 2.0, Data and Information Mapping, Data warehousing, data mining, data migration.</p>
2	<p>Internet</p> <ol style="list-style-type: none"> i. Internet : Basic features and tools. Connectivity – Dial up, lease lines, microwave, ISDN, cable modem ii. Protocols – Telnet, FTP, HTTP. iii. Digital Subscriber Lines iv. E-mail, SMTP, wireless, POP3. v. Web browsers – Netscape Navigator, Internet Explorer, Mozilla, Google Chrome vi. Web servers – Apache, Internet Information Server. vii. Server side scripting language – PHP/ASP viii. Database Connectivity – ODBC, IDBC. ix. Search Engines and Meta Search Engines and their evaluation. x. Web design – SGML, HTML, DHTML, XML xi. Evaluation of websites xii. Internet security – Firewalls, proxy servers.
3	<p>Digital Library: Concept, definition, evolution, emerging trends in Digital Library</p> <ol style="list-style-type: none"> i. Digital Libraries of the world – Gutenberg, Alexandria, World Digital Library, Digital Library of India ii. Image formats: JPEG, GIF/BMP iii. Audio formats : WAV, MIDI, MP3 MPEG, AV1, QuickTime iv. Storage media formats: ISO 9660, DVD v. Software-Digital library software: D-Space and GreenStone, OCR and image editing software. <p>Input / capture devices: Scanners, scanning and digitization process, digital and movie cameras.</p>
4	<p>Managerial aspects of ICT's: Planning for Information and Communication Technology in Libraries: assessment of needs, priority settings, financial aspects, ergonomics, restructuring of physical set up, hardware selection, software evaluation and selection, staff training, maintenance aspects- Maintenance of hardware, software security, Institutional repositories, web content management: website and portal development</p>

PRACTICALS

2 Credits

P3: LIBRARY CLASSIFICATION

Classification of documents using DDC.

Building class numbers using tables.

Note : Minimum 50 examples to be covered.

2 Credits

P4: REFERENCE AND INFORMATION SOURCES AND INDEXING AND ABSTRACTING

Minimum 80 queries of different types are to be done.

Minimum 5 examples each for indexing and abstracting respectively.

SEMESTER III

6 Credits

COURSE 9: LIBRARY MANAGEMENT - II

Objectives:

- a. *To apply principles and techniques of management to Libraries and Information Centres.*
- b. *To apply the concepts of planning, marketing, Human Resource Development and control in libraries and information centres.*
- c. *To be familiar with the techniques of monitoring and evaluating libraries.*

1	<p>Management approach to Library:</p> <ol style="list-style-type: none">i. Management – concept, definition and scope.ii. Systems approach: Concept – Library as a system, environmental influence and responses.iii. Management of change.iv. Knowledge Management
2	<p>Planning: Need and importance of planning.</p> <ol style="list-style-type: none">i. Planning process, time and motion study, data flow diagram,ii. Planning tools – SWOT analysis, MBO, PERT/CPM, DELPHI, MIS, decision tree, brainstorming.iii. Planning of library building and its interior.iv. Organizing: Purpose and need for organizing, organizational structure, line and staff functions, departmentalization, organization charts, authority and decentralization, quality circles, total quality management, quality audit,v. Marketing: Publicity and marketing and of library services: need, policies, methods, Annual reports, library guides, Public Relations, library promotion programmes, Promotion techniques including use of electronic media Identification of markets for libraries, market segmentation, best and innovative practices, outreach services.
3	<p>Human Resource Management:</p> <ol style="list-style-type: none">i. Staffing – job description, recruitment, job analysis, training and development, people skill: personal competencies, skills for communication, negotiation, decision making, assertiveness, time management, interpersonal relations, motivation, job enrichment, evaluation and appraisal.

	<ul style="list-style-type: none"> ii. Leadership and Creativity – effective leadership in library, functions, activities and qualities of library managers, creativity and innovation, entrepreneurship. iii. Communication in library – methods and barriers.
4	<p>Financial Management:</p> <ul style="list-style-type: none"> i. Financial Planning – ,types of budgets Sources of funds, funds generation, accounting and auditing practices, costing, cost analysis of library services. ii. Control: Techniques, budgetary and non-budgetary techniques. iii. Library Insurance, Disaster Management. iv. Evaluation and Feedback: Standards, measurement of performance, evaluation of services, Balanced Scorecard, corrective measures.

Objectives:

- a. *To understand the value of research in Library and Information Science.*
- b. *To understand the process of research in Library and Information Science*
- c. *To understand the importance of qualitative and quantitative aspects of research and management.*
- d. *To interpret and infer based on data/information.*

1	<p>i) Research Process and elements: Definition and meaning of research, characteristics of scientific research, Spiral of scientific research, types of research – pure, applied, action, qualitative and quantitative approaches to research, Relevance of RM in LIS.</p> <p>ii) Research Design: Problem identification, selection of suitable approach and method, formulation of hypotheses, variables – dependent and independent, Scales of measurement.</p>
2	<p>i) Research Methods and Techniques: Historical, Experimental, Descriptive Methods, Survey, Case Study. Delphi method, content analysis, operations research-matrix structure, evidence based research method, use and user study, usability study. Sampling, need for sampling, types of samples, Morgan Table.</p> <p>ii) Data Collection: Sources – individuals, documentary and non-documentary sources, instruments – survey, questionnaire, interview, observation, Checklist.</p> <p>iii) Bibliometrics: Concept, method, application Laws of bibliometrics – Bradford, Zipf, Lotka, analysis of bibliometric data, quantitative content analysis, citation analysis, co-citation analysis. Librametry, informetrics, scientometrics, webometrics.almetrics.</p>
3	<p>Statistics and Data Analysis:</p> <p>i) Descriptive statistics – Concept of Validity and Reliability, Tabulation and Generalization, Measures of central tendency, mean, mode, median, measures of dispersion, variance, standard deviation, and graphical presentation.</p> <p>ii) Inferential statistics – outlines of parametric and non-parametric tests, z and t-tests, correlation, regression – linear and non-linear, chi square test, ANOVA, sociometry,</p> <p>iii) Use of Excel and Statistical Packages</p>
4	<p>i) Research report writing: Structure, style, content; style manuals – Chicago, MLA, APA, E-Citations.</p> <p>ii) Current trends in Library and Information Science research, criteria for research evaluation, peer reviewing, research ethics, plagiarism. Plagiarism detection software.</p>

ELECTIVES: SELECT ANY TWO COURSES

COURSE 11: SOFT SKILLS AND COMMUNICATION

4 credits

Objectives:

- a. To prepare students to enter into the profession.
- b. To train students to be employable.
- c. To inculcate in students a professional work culture.

1	Soft skills: Leadership skills, creative thinking and problem solving, Interview skills.
2	Listening & Tactful handling of library problems.
3	Personality development, Work Culture, Time Management, Stress and anger management. Building support within the organization.
4	Written and spoken communication skills.

Select Reading List

1. Butterfield, Jeff.: Problem solving and decision making: soft skills for a digital workplace. Boston: Mass. Course Technology, 2010.
2. Carnegie, Dale : The art of public speaking. New Delhi: Ocean Paper back, 2013.
3. Carnegie, Dale : How to win friends and influence people. U. K. Vermilion, 2004.
4. Covey, Stephen R. : The 7 habits of highly effective people. New Delhi: Tata McGraw Hill, 2006.
5. Khera, Shiv : You can win. New Delhi: McGraw Hill, 2009.
6. Kumar, Suresh : Communication skills and soft skills : an integrated approach. India: Pearson, 2010.
7. Sharma, Robin: The monk who sold his Ferrari. Mumbai: Jaico, 2012.

COURSE 12 : KNOWLEDGE ORGANISATION**4 CREDITS****Objectives:**

- a) *To appraise methods used for knowledge organization.*
- b) *To review the methods of organization of documents.*
- c) *To understand the criteria used for evaluating Information Retrieval Systems.*

1	Organizing Knowledge : Concept, definition, objectives, tools, techniques. Organization of library material – reports, standards, patents, grey literature, maps, audio- visual material, institutional repository, digital material.
2	Access to Documents : Classification, cataloguing, indexing, citations and citation indexing, annotations, thesauri, ontology, taxonomy, metadata harvesting, subject gateways
3	Information Retrieval : Search process, search strategies, Boolean Expressions, online searching, formulations of search statement. Search through Internet, online databases and e-journals, retrieval from electronic archival material, J-Stor, aggregators
4	i) Factors influencing organization of information: Information architecture, information overload, information anxiety, information analysis. ii) Evaluation of information storage and retrieval systems, relevance, recall, precision, impact factor and other criteria, information audit.

Reading list is same as given for Course 6.

COURSE 13: INFORMATION, COMMUNICATION AND SOCIETY**Objectives:**

- a. To understand the importance of library in the communication process
- b. To understand the concept of information society and its implications
- c. To study the role of Library Profession.

1	Information and Information Science: Concept, Characteristics, definitions, scope and objectives. Information needs in different fields of knowledge. Economics of Information and its components.
2	Library and Communication: Communication Process in Society- Personal and mass communication, scholarly communication process, scientific communication, channels, models and barriers. Role of libraries in communication process
3	Information Society-its genesis, characteristics, Impact of information society on libraries, National Information Policy, Censorship, IPR, Copyright and Fair Use.
4	Library Profession: Concept, criteria LIS as profession, its relationship with other subjects, professional ethics, Education and training in LIS in USA, UK and India, National Knowledge Commission, NAAC.

PRACTICALS

P5: Soft Skills and Communication

2 CREDITS

P6: Advanced Classification and Thesaurus Construction

2 CREDITS

SEMESTER IV

A) OPTIONAL COURSES: SELECT ANY ONE

COURSE 14: DIGITAL LIBRARIES

4 CREDITS

Objectives:

- a) *To study the concept of digital libraries.*
- b) *To understand the characteristics and components of digital libraries.*
- c) *To develop skills for organizing digital resources.*

1	Digital Library: Concept, definition and characteristics, Hardware and software: types, characteristics and requirements. Introduction to Open Archives
2	i)Collection development: Print and electronic. Digitization: Selection criteria, process and work flow management, file formats. Born digital resources, licensing agreements and open source material. ii) Collection organization : File naming conventions, mark up languages-html and XML; Metadata and Folksonomy iii) Repositories
3	Digital Library Services: Browse, Search and retrieval, user interfaces, Digital reference services, search engines, Boolean operators, personalization and authentication. Preservation and archiving. Migration, back up and data security.
4	Management: Planning, evaluation and feedback, social and legal issues including IPR

COURSE 15: INFORMATION SOURCES IN SCIENCE AND SOCIAL SCIENCE

4 CREDITS

Objectives:

- a) *To acquaint the students with the concept of information sources in Science and Social Science*
- b) *To familiarize the student with sources in Science and Social Science.*
- c) *To develop the skills of critical evaluation of different sources of Information.*

1	Information Sources : Introduction, concept, history, scope and evaluation criteria
2	Types of Information Sources : Primary, secondary and tertiary information sources – traditional, non-book material, non- print material and electronic.
3	Full-text & bibliographic databases : organization of information and searching.
4	Internet based resources (freely available): organization of information and searching.

Practical

P7: Creation of digital library using Open Source Software.

2 CREDITS

P8: Evaluation of information sources

2 CREDITS

Searching for information using various information sources – print and online.

B) PROJECT BASED COURSES (PB) :

COURSE16: DISSERTATION

10 CREDITS

Objectives:

- a. To develop independent thinking and problem-solving skills.*
- b. To apply research methods to a project.*
- c. To acquaint with report writing skills.*

Students will have to select a research topic based on recent trends in LIS which will be further developed using research methods and techniques. Three copies of the research report will be submitted to the Department. The evaluation will be done by Experts in the field. The component of evaluation will be the Dissertation, Presentation and Viva Voce.

COURSE 17: I) INFORMATION COMMUNICATION TECHNOLOGIES BASED PROJECT WITH INTERNSHIP

2 CREDITS

- Advanced Internet Search, Internet based Reference Service, RSS Feeds, and Folksonomy.
- Blog Creation
- Web Page Creation
- Creation of Digital Library and Content Management using Open Source Software

II) INTERNSHIP

The above course will be conducted with an interaction with academic and corporate libraries.

UNIVERSITY OF MUMBAI
DEPARTMENT OF LIBRARY AND INFORMATION SCIENCE
FORM OF APPLICATION FOR ADMISSION TO THE
DEGREE IN MASTER OF LIBRARY AND INFORMATION SCIENCE
CHOICE BASED CREDIT SYSTEM (CBCS)
(For Office Use)

Register Entry No. _____ Date:- _____

Provisional Eligibility attached / not attached

Eligibility Case No. _____

To,

The Head,

Department of Library and Information Science,

University of Mumbai, Vidyanagari,

Mumbai – 400 098.

Sir,

I wish to apply for admission to the M.L.I.Sc. Course. I enclose herewith the necessary copies of certificates/testimonials. The following statements made by me are true.

Yours faithfully,

Signature

Date:

1. Name in full, beginning with Surname (IN BLOCK LETTERS PLEASE)

Mr/Mrs./Ms.: _____

2. Gender: _____

3. Date of Birth (In words and in figure): _____

4. Age: _____ Years: _____ Months: _____

5. Nationality: _____ Religion: _____

6. Do you belong to SC/ST/DT/NT/VJ/OBC/SBC? Yes/ No. If yes, give details of sub caste and attach a certificate to that effect: _____

7. Local Address: _____

8. Contact .No.: (R) _____ (M) _____

9. Permanent Address: _____

10. E-mail: _____

11. Do you intend to pursue any other course of this University / Institute simultaneously? Yes / No

If yes, give details: _____

In the event of my obtaining admission to the course, I hereby undertake to attend the course regularly and to observe all rules and regulations regarding the same.
