Press note

Date : 16th September,2014

MU stepped ahead to revolutionize the examination system

Mumbai- University of Mumbai is stepping ahead to revolutionized the examination system. As the MU has the Digital Exam Paper Delivery System (DEPDS) from 2013 but to develop the examination system, for the security measures, MU has took decision to put watermark on the Question papers from the second half 2014 exams. Name of exam center and the college code will appear on the question papers.

Apart from this, Paper will be delivered in fully secured inscripted form, with the help of special software there will be a cloud server to protect. The strong room in the exams centre will be under CCTV Camera, where those all footages will be handovered to the exam house in the DVD format and also exam centre IP address will be monitored from exam house.
