

University of Mumbai

Press Note

Date- 25 August 2014

Mumbai- University of Mumbai had grew up their model colleges in rural areas placed in ambadave, Mandangad. Attending the classes for students from rural community will give them a great experience for their futuristic carrier. On the second foundation day of this model Colleges on 23rd August 2014 The local people of ambadave around, 69 villagers have donated the 14 Acres of Land for the Model college at Ambadave , the Native village of Dr.Babasaheb Ambedkar.

The documents of Land 7/12 transferred on the name of University of Mumbai ceremoniously handovered to Dr.Rajpal Hande ,Director BCUD,University of Mumbai. currently total 130 students are studying over here . Apart from this facilities as laboratories ,library, auditorium, seminar hall, club house, canteen, student's support sale, health center, staff quarters will be provided.

While the Growth of higher education in india over the past six decades has been visible and substantial, it has not percolated to all the regions uniformly. Based on Census 2001,374 districts have been identified in the country, having Gross Enrollment Ratio (GER) lower the national average of 12.4 per cent.A list of these 374 Eduaction Backward Districts (EBDs) arranged state wise.

University of Mumbai is very greatful to the the villagers as they have shown their faith towards the education and donated their piece of land for the Nobel cause of higher education and helped the University in establishing the Model college under the UGC/MHRD Govt of India and the Govt of Maharshttra's scheme. The prefab infrastructure is now ready to use for the college will be inaugurate in next Month. The construction of new premises of the college will commence soon. The Model college will had a great impact on remote areas and it will Turn Mirrors into Windows.
