

UNIVERSITY OF MUMBAI

First University in India supporting financially for Patent Registration

University of Mumbai will extend their hands for Patent Registration

Press note

Date – 18th July 2014

Mumbai- On the 158th Foundation day of University of Mumbai, Hon'able Vice chancellor Dr.Rajan Welukar had some announcement's and the most important and big announcement was that ,from now,The University of Mumbai will uplift the expenditure to Register the Patent of the Researcher's.When the knowledge economy is turning into innovation economy,the first University in India supporting the patent Registration.

To motivate the youngster's and to sift their creativity, University of Mumbai had extended their hands to help the Poor student's apart from this the budgetary provision has also done for the resercher's ,said Hon'able Vice chancellor Dr.Rajan Welukar. Student's of University of Mumbai who belongs to poor family background who are unable to count the big amount for patent Registration in the national and international level.If there is a low expenditure of patent registration in india but there is highly expensive worldwide,some of the student's and researcher's can't afford the expensive patent registration so keeping this in mind,University of Mumbai will carry all student's and researcher's responsibility of patent registration.

Knowledge is a link drink as much as u can. Advanced technologies had brought a drastic changes and had a great impact on the human's life. so, the University of Mumbai had stepped ahead to fulfill the needs and desires of the student's

What is Patent?

A government authority or license conferring a right or title for a set period,especially the Sole right to exclude others from making,using,or selling an invention.

Patent Protects new inventions and covers how things work,what they do,how they do it,what they are made of and how they are made.

Researcher's deserve's to have patent registration as he work out in all way.but also he should have the rights of that particular research and it is necessary to have the patent registration for that the researcher has pay the registration fees.

Leeladhar Bansod,Deputy Registrar,(PR)
