PATWC

Dear Sir/Madam,

Greetings from Indian Institute of Management Kozhikode !

I wish to inform you that at IIMK we are in the process of selection of students for our prestigious doctoral level programme 'Fellow Programme in Management' (FPM) for the academic year 2019-20.

Fellow Programme in Management is a full-time residential doctoral level programme of IIMs which is offered in various areas of management. IIMs see the Fellow Programme as a crucial source of management researchers and faculty resources of top quality both to the academic institutions including IIMs and to the industry, business, government and society. Indian Institute of Management Kozhikode (IIMK) started its FPM in the year 2007-08 with the aim of developing top quality researchers, consultants, management experts and faculty resources in the country.

At IIMK Kozhikode, specializations for the Fellow Programme in Management are currently offered in the following areas:

- Economics
- Finance, Accounting and Control
- Information Technology & Systems
- Marketing Management
- Organizational Behaviour & Human Resources
- Quantitative Methods & Operations Management
- Strategic Management

A good number of our students undertake interdisciplinary research. Please find attached herewith a detailed information poster for your information and circulation among the interested community in your esteemed institution. Undergraduates with a strong academic inclination as well as post graduates would be interested in the FPM.

We would appreciate if you could give wide coverage about our Fellow Programme in your esteemed organization so that interested community can make use of this significant learning experience.

If I can help you with any clarifications, please feel free to contact me or the FPM office at IIMK.

With warm regards,

Kausik Gangopadhyay
